

**Lake County Continuum of Care
Strategic Planning Committee
May 18, 2022**

May Meeting

Attendees: Melissa Kopf, Doreen Gilmore, Scott Abbott, and Sheryl Almon,

The Strategic Planning Committee did not meet in April.

First Order of Business – Without the five recommended quorum, those in attendance did follow the agenda, with the first item a discussion lead by Scott on the availability of funds for the CoC. This is important to understand when writing goals and action steps.

Second Agenda Item – Plan worksheet review. This worksheet was developed for idea sharing and the lay out for the plan body. Those in attendance agreed on the layout ideas presented by the chair. Discussion followed on additional ideas for current presented objectives and an additional objective was presented. When we have a quorum, the committee will finalize the objectives and present to the executive committee for final approval before continuing with the goals and action steps for the next three years.

The meeting was adjourned at 4:00pm.
