**   Data required to identify some sub-population groups are only collected from a subset of projects within HMIS; therefore, these data will not identify everyone with these characteristics who accessed the homeless services.

*** Data suppressed due to the small number of people reported in this category, per State of California privacy policies.

†   Data point suppressed: when small values are obscured, but could be calculated via subtraction, the next-highest number, which may be >10, is also suppressed, per State of California privacy policies.

-    PIT data are not included in the CY21 report due to COVID-related inconsistencies.

Measure 3: The number of persons served within the homelessness response system who exited to permanent housing, in relation to all exits, listed separately based on the setting in which the person was last served**	January 1 through December 31, 2022 Report Period		
	System Exits to Permanent Housing (#)	All Exits (#)	System Exit Success Rate (%)
Unduplicated system exits (i.e. the last exit date within the report period for clients)	106	303	35%
System exit is from Emergency Shelter, Safe Haven, or Transitional Housing projects	39	186	21%
System exit is from Rapid Rehousing (RRH)	29	44	66%
System exit is from Permanent Supportive Housing (PSH) or other permanent housing (OPH) projects, with a Move-In Date	33	50	66%
System exit is from Permanent Supportive Housing (PSH) or other permanent housing (OPH) projects, without a Move-In Date	5	6	83%
System exit is from Street Outreach, Services Only, Day Shelter, Coordinated Entry, or "Other" project types*	0	17	0%
Number of people who are enrolled in permanent housing at the end of the report period	Moved into Housing (#)	All Active Clients (#)	Percent Moved into Housing (%)
People who are enrolled in RRH, PSH or OPH on the last day of the reporting period	32	79	41%
Number of people who are enrolled in permanent housing at the end of the report period, or who exited the homelessness response system	Total Exits to Permanent Housing (#)	All System Exits and Active Clients	Percentage of People Transitioning to Permanent Housing (%)
People who are enrolled in RRH, PSH or OPH at the end of the report period, or who exited the homelessness response system (unduplicated)	138	379	36%

*This calculation includes all "successful" exits, defined as exits to both permanent and transitional destinations when the client moved off the streets.

**People who are enrolled in permanent housing with a move-in date prior to the report period are excluded from this data because they did not experience homelessness during the report period.

Measure 4: Length of time people were known to be homeless, as documented within the CoC's HMIS	January 1 through December 31, 2022 Report Period	
	Average	Median
Cumulative system days homeless recorded in HMIS continuous with or during the report period	79	42
Days homeless in ES/SH continuous with or during the report period	60	18
Days homeless in TH continuous with or during the report period	0	0
Cumulative days homeless in sheltered situations (ES/SH/TH) continuous with or during the report period	60	18

Additional days homeless in SO/DS/CE continuous with or during the report period	13	16
Additional days homeless while enrolled in, but not moved into, RRH or PSH	132	116

		January 1 through December 31, 2022 Report Period		
Measure 5: Of those who exited from the system, the number who returned to the system within 6 months of their exit date	Destination Type	Number of people with a system exit during the report period	Number of people who returned within 6 months of their exit date	Return Rate (%) within 6 months of prior exit date
System exit from any project type (based on the earliest exit date within the exit cohort period)	All Exits	303	52	17%
	To Perm	108	5	5%
	To Temp	92	30	33%
	To Unk	103	17	17%
System exit is from Emergency Shelter, Safe Haven, or Transitional Housing projects	To Perm	40	5	13%

System exit is from Rapid Rehousing	To Perm	30	0	0%
	To Temp	7	2	29%
	To Unk	9	0	0%
System exit is from Permanent Supportive Housing or other permanent housing projects, with a Move-In Date	To Perm	33	0	0%
	To Temp	17	6	35%
	To Unk	0	0	
System exit is from Permanent Supportive Housing or other permanent housing projects, without a Move-In Date	To Perm	5	0	0%
	To Temp	1	1	100%
	To Unk	1	1	100%
System exit is from Street Outreach, Services Only, Day Shelter, Coordinated Entry, or "Other" project types	To Perm	0	0	
	To Temp	0	0	
	To Unk	15	1	7%

Note: Returns are based on a subsequent enrollment in an emergency shelter, safe haven, transitional housing, rapid re-housing, or permanent supportive housing project. Subsequent enrollments in non-residential projects and other permanent housing projects are also counted as a return if the person's current living situation is a homeless setting at the time of the contact.

Measure 6: The number of persons who exited street outreach projects to successful destinations, in relation to all persons who exited street outreach	January 1 through December 31, 2022 Report Period		
	Successful Placements (temporary or permanent destinations) (#)	All Exits (#)	Exit Success Rate (%)
Street Outreach exits (based on last street outreach exit in reporting period)	0	13	0%

Measure 7: Breakout data for specific population groups	January 1 through December 31, 2022 Report Period						
	Measure 1a: Number of people accessing services who are experiencing homelessness	Measure 1b: Estimated number of people experiencing unsheltered homelessness on the PIT	Measure 2: Number of people accessing services who are experiencing homelessness for the first time	Measure 3: Number of people exiting homelessness into permanent housing	Measure 4: Average length of time (in days) persons spent enrolled in street outreach, emergency shelter, transitional housing, safe haven projects and time prior to move-in for persons enrolled in rapid rehousing and permanent housing projects	Measure 5: Percent of people who return to homelessness within 6 months of exiting homelessness to permanent housing	Measure 6: Number of people served in street outreach projects who exit to emergency shelter, safe haven, transitional housing, or permanent housing destinations.

*   People may be served in different household configurations over the course of a year, so the sum of the rows reported by household composition may exceed the total number of persons reported.

**   Data required to identify some sub-population groups are only collected from a subset of projects within HMIS; therefore, these data will not identify everyone with these characteristics who accessed the homeless services.

*** Data suppressed due to the small number of people reported in this category, per State of California privacy policies.

†   Data point suppressed: when small values are obscured, but could be calculated via subtraction, the next-highest number, which may be >10, is also suppressed, per State of California privacy policies.

-   Data for this subpopulation are not collected in the PIT.
